[Secretary Phillips present and not voting.]

Pending nominations Nos. 1232 and 1233, and new nominations Nos. 1234, 1235, 1236, 1237, 1238, 1239 and 1240 were read.

The Committee appointed to examine the paper of Prof. Cope, offered at the last meeting for the Transactions, reported progress and was continued.

Dr. Brinton presented the following papers for the Proceedings: "On the Mazatecan Language of Mexico, and its Affinities," and "Observations on the Chinantec Language of Mexico."

The Committee on the Michaux Legacy presented a paper on "The Temperate and Alpine Floras of the Giant Volcanoes of Mexico," by Prof. Angelo Heilprin, which was ordered to be printed as a part of its report.

The report of the Committee, on the Publications of the Society, appointed December, 1890, was then taken up.

The report was then read, signed by the Chairman and three

other members of the Committee, the Chairman stating in answer to inquiry that the signature of the other member was withheld on account of his not approving the second resolution. The resolutions were then read as follows :

*Resolved*, 1. That the Proceedings of the American Philosophical Society be issued quarterly, and also at more frequent periods whenever an amount of matter is ready for press, which will make sixty-four pages of text, but so as not to interfere with the regularity of the quarterly issue.

*Resolved*, 2. That in order to permit estimates of the cost of illustrations, authors shall submit either completed drawings or the specimens to be drawn ; and that the Secretaries shall accept either as sufficient basis for the publication of articles otherwise unobjectionable.

On motion of Dr. Frazer, the Society proceeded to the consideration of report of the first resolution. A debate took place thereon, participated in by Messrs. Price, Morris, Houston, Cope, Frazer, Barker, Vaux, Martindale and Horn.

Mr. Martindale moved to strike out all after the word "quarterly" and to insert thereafter the words "provided sufficient material shall be furnished for that purpose."

The amendment being put to a vote was carried and a vote being taken on the resolution as amended it was adopted.

The question then arising on the adoption of the second resolution, Dr. Brinton stated his reasons for declining to recommend the same, and offered as an amendment the substitution of the word "may" for "shall" in the third line, to read "the Secretaries may, etc."

The amendment was carried and the resolution as amended was adopted.

On motion of Mr. Dudley, the Society adjourned.
